

# Update on Port of Kangerlussuaq

*Presentation by Morten Stig Ebbesen –  
Projekt Manager at Sikuki Nuuk Harbour*

# Location and navigation channel

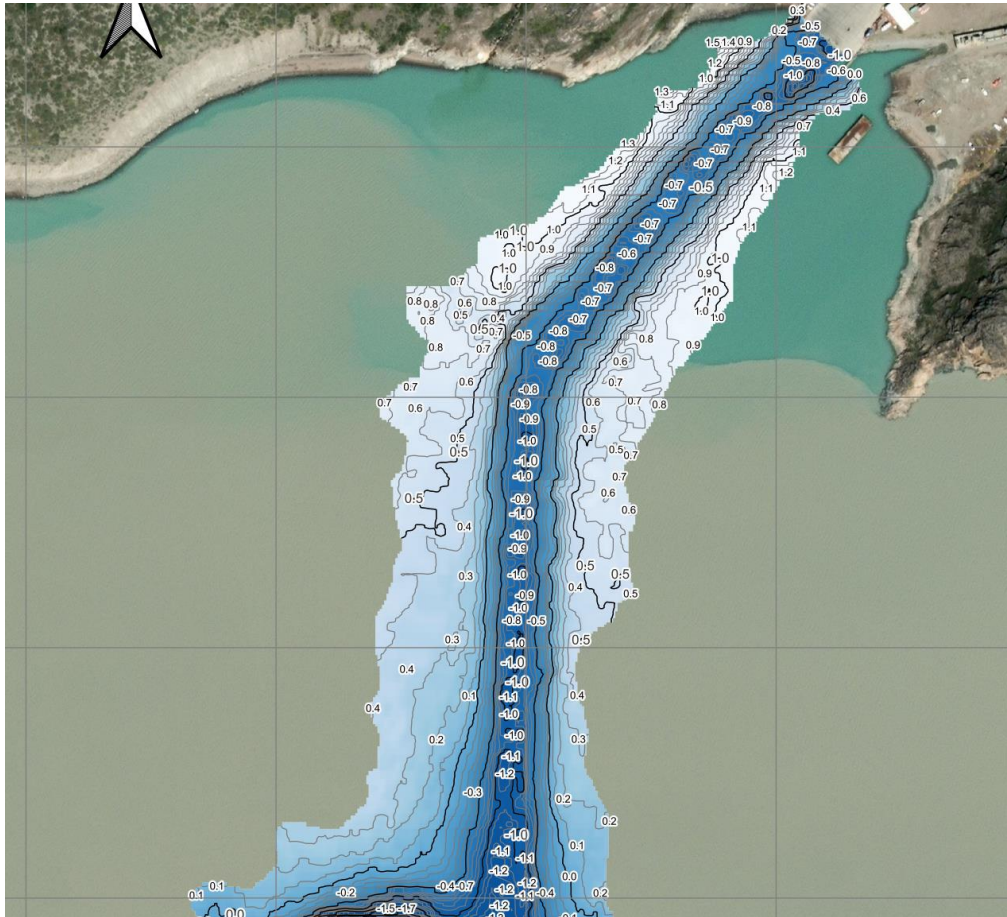

# Improvements (2023 – 2024)

Sikuki was tasked by Naalakkersuisut to take over the port authority May 1, 2023

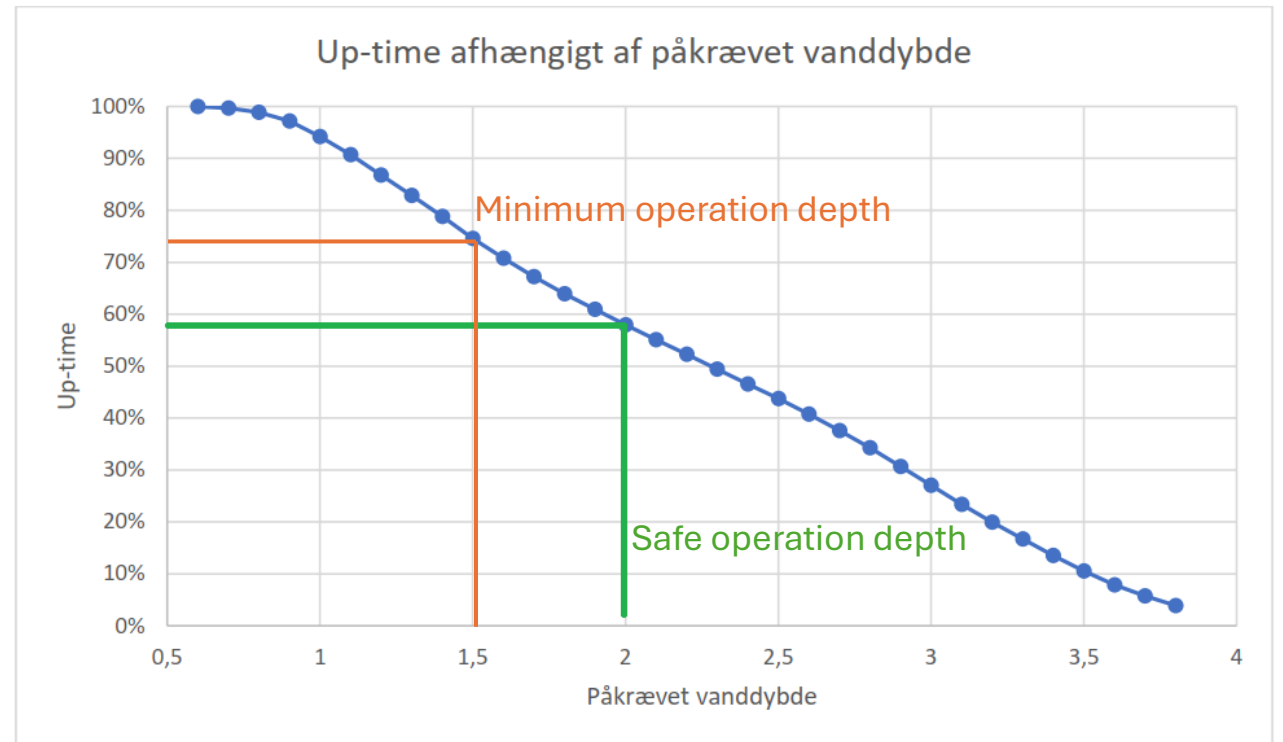

The following improvements have been carried out by Sikuki:

- Dredging of navigation channel - Partly completed 2024, continues 2025
- New gangway to pontoon - Completed 2024
- New safety ladders – Ongoing
- New weatherstation and surveillance camera - Completed 2024
- New gas station for boats – Arrived 2024, to be installed 2025
- Better ISPS fenceing and signage - Completed 2024

# Bathymetry - 2023

Survey – June 2023  
0.6 m water depth (LAT)

**Operational impact – Downtime doing low tides  
25 % - 40 %**

# Dredging of navigation channel

- Contractor hired december 2023
  - Dredging began august 2024
  - Channel dredged to 3.5 m MSL / 25 m – 2024
  - Dredging continues in 2024 to 4.5 MSL / 38 m
- 
- Future monitoring of the sedimentation rate
    - Need for new dredging expected in 2030 (5 years servicelife)

Thank you!
